

*Ross*

Originally built circa 1902, now elegantly and superbly renovated and enlarged to create a family compound of over 10,000 sq. ft. of exquisitely designed and appointed living space, with state-of-the-art communications and entertainment technology, and situated on approximately two level acres of secured privacy in Ross' premier location. Features a stunning, approximately 2,500 square foot, three-room master suite occupying the entire top floor, with large bedroom, retreat, study, his-and-her baths and dressing areas, and two fireplaces. The children's wing comprises the child's study with built-in computer and network wiring, and two bedrooms, each with full bath. Spectacular kitchen with chef's sink and refrigerator and walk-in butler's pantries. Private guest room with fireplace and full bath, a separate, approximately 800 square foot studio with full bath, and a luxurious, approximately 1,500 square foot, two-story, three-room guest house with full bath, kitchen and fireplace. Seven bedrooms, eight full and two half baths...
